We have audited the accompanying statement of financial position of American Autoimmune Related Diseases Association, Inc. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. NOTES TO FINANCIAL STATEMENTS
September 30, 2009

Note 1 - ORGANIZATION

American Autoimmune Related Diseases Association, Inc. was organized as a nonprofit corporation under the laws of the State of Michigan in December, 1991 and started operations in July, 1992. The organization was formed for the purpose of eradicating autoimmune diseases, and the physical, emotional, financial, and societal suffering caused by these diseases, through research, education, and supportive services.

Note 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Method

The accompanying financial statements have been prepared on the accrual method of accounting, with revenues being recorded when earned and expenses when incurred.

Definition Of Cash

For the purposes of the statement of financial position and the statement of cash flows, the Association considers all cash accounts including petty cash, checking, money market and certificate accounts with an initial maturity of ninety days or less to be the total cash at the beginning and end of the period.

Promises To Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Property And Depreciation

Purchased property is stated at cost. Donated property is stated at fair value at date of gift. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. Expenditures for maintenance, repairs and minor renewals are charged to expense as incurred.

Donated Materials And Services

The Association records the value of donated goods or services when there is an objective basis available to measure their value. Donated materials and services are reflected as contributions in-kind and contributed services in the accompanying statements.
